Final Artwork (Home Page)

Final Artwork (Portfolio Page)

The image shows a creative portfolio page design. At the top, there's a horizontal navigation bar with orange rounded corners. It contains five items: "About" with a heart icon, "Progress" with a bar chart icon, "Contact" with a phone icon, "Achievements" with two star icons, and a small image of a goldfish. Below this, on the left, is a button with a person icon and the text "Community Work". The main body of the page has a teal background. In the center, there's a large black speech bubble containing the text "Welcome to my portfolio!" in white, bold, sans-serif font, followed by "I am Jairus Wong, nice to meet you!" in a slightly smaller white font. To the right of the speech bubble, a young man with dark hair, wearing a black t-shirt with a graphic print, is shown from the waist up, pointing towards the text with his right hand. Above him, three pinkish-red fish are swimming against the teal background.

About

Progress

Contact

Achievements

Community Work

Welcome to my portfolio!

I am
Jairus Wong,
nice to meet you!

Final Artwork (About Page)

The image shows a final artwork for an 'About' page. At the top, there is a navigation bar with four orange buttons: 'About' (with a heart icon), 'Progress' (with a bar chart icon), 'Contact' (with a speaker icon), and 'Achievements' (with two star icons). To the right of the 'Achievements' button is a small yellow fish. Below the navigation bar, a man in a blue and white patterned shirt and jeans stands looking up. He is surrounded by several large, vibrant orange and yellow fish swimming in the water. A large, semi-transparent orange banner with a black smiley face icon and the word 'About' in a bold, black, sans-serif font is positioned in front of him. In the bottom right corner of the page, there is a large, bold text block that reads 'I, Jairus Wong'. Below this, in a smaller font, it says: 'am a designer-coder hybrid who enjoys building things that look good and work well.' Further down, it continues: 'My portfolio showcases work in UI design, branding, and interactive media, with a focus on user experience and clarity. I often use Adobe tools and Unity to bring ideas to life, and I've recently started using AI features to speed up my workflow. I'm all about learning, experimenting, and sharing projects that reflect both my skills and growth.' The background of the page is a bright blue color.
